GOVERNANCE/POLICY MANUAL

Leadership Governance Model

Focusing on the POLICY

Not on the ISSUE

1.1 Commitment

The Board believes that its primary responsibility is to act in the best interests of every student in the District. The Board is committed to parents/guardians, all members of the community, employees, Wyoming state and Federal laws, rules, and regulations pertaining to public education, and established policies of the District. Board members are expected to govern responsibly and hold themselves to the highest standards of ethical conduct.

The Board will:

- govern with emphasis on organizational vision rather than on interpersonal issues of the Board;
- encourage diversity in viewpoints;
- focus on strategic leadership rather than administrative detail;
- observe clear distinction, through policy, between Board and Superintendent roles and responsibilities;
- make collective rather than individual decisions; and
- govern proactively rather than reactively.

Accordingly,

1. The Board will:
 - cultivate a sense of group responsibility.
 - work in partnership with the Superintendent, staff, students, parents, and the community.
 - utilize the expertise of individual Board members to enhance the ability of the Board as a body.
2. The Board will hold itself accountable for governing with excellence. This self-discipline will apply to attendance, preparation for meetings, adherence to policymaking principles, respect of roles, and ensuring the continuity of the leadership governance policies.
3. The Board will direct, control, and inspire the District through the careful establishment of written policies reflecting the District's values. The Board's major policy focus will be on the intended long-term benefits for students.
4. An orientation of new Board members and/or the Superintendent in the Board's governance process will be conducted by the existing Board members and Superintendent as soon as possible after the individuals are sworn into office or employed.
5. The Board will allow no officer, individual, or committee of the Board to hinder or be an excuse for not fulfilling its commitments.
6. The Board will monitor its process and performance annually.

1.2 Board Chairman

1. The Chairman of the Board will ensure the integrity of the Board's processes.
2. The Chairman of the Board will represent the Board to outside parties in announcing Board-stated positions and in stating decisions and interpretations. The Chairman may delegate this authority to other Board members or the Superintendent but remains accountable for its use.
3. The Chairman of the Board will refrain from exercising any authority as an individual to supervise or direct the Superintendent.
4. The Chairman will be the liaison between the Superintendent and the Board, understanding that individual Board members may communicate with the Superintendent at any given time.

6. The Chairman will encourage all Board members to attend appropriate training relative to their Board roles.

1.3 Board Committees

Board committees, when used, will be used to support the work of the Board and shall not interfere with the delegation of authority from the Board to the Superintendent.

Accordingly,

1. Board committees may be utilized to make recommendations only to the Board.
2. Board committees may not speak or act for the Board except when formally given such authority. Purpose and authority will be carefully stated by the Board to assure that committee authority will not conflict with authority delegated to the Superintendent.
3. Board committees may not exercise authority over the Superintendent or staff. Any direction to the Superintendent related to a committee recommendation must come from the full Board.
4. This policy applies only to committees that are formed by Board action, whether or not the committees include Board members.
5. A committee is a Board committee only if its existence and charge comes from the Board and its work is intended to support the Board's work or is required by law.
6. Membership on Board committees will be appointed as needed by the Board Chairman.
7. The scope of a committee will be determined prior to the development of the committee. The process, purpose, board expectations and what the board will do with the committee's recommendation will be outlined before the committee is formed.

1.4 Board Member Code of Conduct

The Board commits itself and its members to ethical, businesslike, and lawful conduct. The Board acting in its legislative capacity shall have the authority and responsibility to interpret and enforce standards of conduct.

Accordingly,

1. Board members will represent the interests of the citizens of the entire school District. This accountability to the whole District supersedes any conflicting loyalty to other advocacy or interest groups. It supersedes the personal interest of any Board member who is a parent of a student in the District or a family member of an employee of the District.
2. Board members may not attempt to exercise individual authority over the organization.
 - a. Members' interaction with the Superintendent or with staff must recognize the lack of authority vested in individuals except when explicitly authorized by the Board.
 - b. Members' interaction with the public, press, or other entities must recognize the same limitation and the inability of any Board member to speak for the Board except to repeat explicitly stated Board decisions.

18. communicate a common vision.
19. A Board member shall refrain from undue influence to other Board members in a personnel or conflict of interest issue.

1.6 Board Member Conflict of Interest

Public office is a trust created by the confidence the electorate places in the integrity of local government officials for the common good and for the benefit of the people. A conflict of interest arises when a public officer is unable to devote complete loyalty and singleness of purpose to the general public interest. To preserve this confidence, the Board and its individual members will operate in a manner that will avoid situations that are, or have the appearance of, a conflict of interest.

Board members will adhere to the Wyoming Ethics and Disclosure Act (W.S. 9-13-101 to 9-13-109) and all other applicable conflict of interest laws.

If the superintendent or any board member foresees a potential conflict of interest of a Board member, he/she will inform the Board Chairman and/or Board Vice-Chairman of the issue. Once there is a determination that there is a conflict of interest, the Board Chairman and/or Vice-Chairman will inform the Board member of the conflict.

Family member means an individual's spouse, child, parent, grandparent, sibling, parent-in-law, brother-in-law, sister-in-law, nephew, niece, aunt, uncle or first cousin and/or is a member of the individual's household. As per Wyoming state statute and District Administrative Regulations/Operational Procedures (AROP).

When a Board member becomes aware that he or she is in a position that creates a conflict of interest or the appearance of a conflict of interest as defined in state law or board policy, he or she will declare the nature and extent of the conflict or appearance of conflict and will abstain from voting or participating in the discussion of the issue giving rise to the conflict.

In the event a current school board member chooses to seek employment with the school district; that board member must resign his/her seat prior to submitting an application.

1.7 Process for Addressing Board Member Violations

The Board and its members will comply with the provisions of the Board's policies. In the event of a member's violation of policy, the Board will seek remedy by the following process:

1. Supportive conversation in a private setting between the Board member and the Board Chairman and/or other Board member.
2. Discussion in executive session between the Board member and the full Board regarding the policy issues involved.
3. As a last resort, public censure of the Board member.

1.8 Development of Governance Policies

It is the Board's responsibility to develop governing policy. A systematic, predictable means of developing policy will promote community, staff member, parent, and student involvement in policy decisions of the Board and encourage careful and well informed decision-making by the Board. Accordingly, the Board will develop new policy and/or repeal or substantially revise existing policy as follows:

1. Informal Introduction

Any new governance policy concept may be introduced informally by any patron of Park County School District Number 1 during the public comment portion of the Board meeting. Patrons are encouraged to request such an opportunity through the Board Chairman or Superintendent prior to the Board meeting. No formal action will be taken on informal policy proposals.

This policy, as presented, may be discussed by the Board at any time. The Board may also choose to schedule in-depth discussion at a Board workshop or refer items for potential revision to staff for further drafting.

2. Formal Introduction

Prior to consideration, all new or revised governance policies must be submitted to the Board in writing.

3. First Reading

Any policy that is formally introduced pursuant to paragraph 2 above shall be given a "first reading" by the Board at the scheduled time on the agenda.

If the policy fails to meet the approval of a majority of the Board, it will be eliminated from further discussion. The policy may be redrafted and resubmitted for another first reading.

If the policy, with or without amendments, meets with approval of a majority of the Board, it will be placed on the agenda for the next monthly business meeting under "action items."

4. Second Reading

A policy that is placed on the agenda as an action item pursuant to paragraph 3 above shall receive a second reading.

5. Adoption

6. Form of Readings

Readings may be aloud or silent at the discretion of the Chairman. Copies of the proposal will be provided for those attending the meeting.
